ABOUT ME

Frontend Developer with a strong foundation in HTML, CSS, and JavaScript, specializing in building modern, scalable, and responsive web applications using React.js and TypeScript. Experienced in creating reusable components, managing application state, integrating REST APIs, and debugging issues to deliver clean and reliable user interfaces.

EDUCATION

Training And Education Academy (Harvard) | 2024 / 2025

Professional Certificate in Web Development

Completed an intensive Frontend Development program covering HTML, CSS, and JavaScript.
Worked on hands-on, real-world projects focused on modern UI development and responsive design.
Strengthened JavaScript (ES6+) fundamentals through complex practical projects, improving problem-solving.

Almdrasa Online | 2025

Advanced React.js Course

Learned React fundamentals and advanced concepts, including hooks and component-based architecture. Worked with TypeScript in React applications, built responsive user interfaces using Tailwind CSS, and applied basic testing practices to ensure component quality.
